

ROTARIANS AGAINST MALARIA (20/07/10)

REPORT, BY DISTRICTS, OF SUPPORT FOR RAM'S AAV

PROGRAM, FOR 2009/2010

Up to 31 July, 2009 clubs and friends have contributed \$759,218.91 in 715 donations towards the provision of treated longlife mosquito nets for 'adopted' villages in PNG and the Solomon Islands. In addition a further \$5346.95 was contributed towards General RAM operational costs and \$5201.55 as a result of the Malaria Awareness Day (MAD) campaign initiated 30 April, 2009. The AAV program in the Solomons was suspended last year as a result of significant AusAid and Global Funding directed towards their malaria campaign. It is intended that the program there be reinstigated this year with the focus on additional community measures undertaken by village committees to 'clean up' village areas to eliminate mosquito breeding sites. Visit RAM's website <www.ramaustralia.org>
